Sheng Jun GAN

Global Markets Dealer · Corporate Sales · PKMC Licensed · CFA Level I

+60 11-6557 0822 ganshengjun0@gmail.com linkedin.com/in/sheng-jun-gan Kuala Lumpur, Malaysia

PROFILE

Global Markets Dealer in Corporate Sales at UOB Malaysia, PKMC-licensed (Modules I–IV) and a CFA Level I passer, with a Finance and Economics degree from Monash University. Experienced in managing corporate client relationships, delivering FX and money market insights, and executing client transactions accurately in a fast-paced dealing environment. Seeking to grow in a Global Markets sales role — deepening client coverage across FX and Rates, identifying cross-sell opportunities, and driving process improvement and digitalisation on the desk.

WORK EXPERIENCE

Dealer, Corporate Sales – Global Markets

Dec 2025 – Present

United Overseas Bank (Malaysia) Bhd — Kuala Lumpur, Malaysia

- Develop and maintain relationships with corporate clients by delivering timely market updates and analysis on FX majors and MYR (USD, EUR, GBP, JPY, CNH, SGD, AUD).
- Execute client FX spot, forward, extension and early take-up transactions, ensuring accurate pricing and timely, error-free delivery through close coordination with trading and operations.
- Support senior salespersons in covering key large corporate clients with regular updates and market views on FX rates and swaps to inform hedging decisions.
- Drive client adoption of the bank's eFX platforms by pitching benefits, onboarding new users and running training sessions — moving clients from voice dealing to digital execution.
- Identify cross-sell opportunities across FX and hedging products to deepen wallet share and grow the client base.

Strategy, Risk, and Transaction Intern

Nov 2024 – Feb 2025

Deloitte · Forensic & Financial Crime — Kuala Lumpur, Malaysia

- Analysed survey data and developed a pitch deck for a multinational client, directly contributing to a successful sales deal for the department.
- Collaborated on an AML audit project, identifying financial discrepancies through detailed analysis.
- Supported multiple forensic investigations by assessing whistleblower reports and conducting analysis to ensure regulatory compliance.
- Assisted in a regulatory risk management engagement at a client site, validating shareholder votes in accordance with corporate governance standards.
- Partnered with senior staff to interpret regulatory frameworks and design promotional materials for Deloitte's whistleblowing service platform.

Funded Trader

May 2022 – Sep 2022

MyForexFunds — Kuala Lumpur, Malaysia

- Generated 8% and 5% returns in the first two months by applying technical and fundamental analysis to investment decisions.
- Implemented risk management by limiting exposure per trade to 0.5%–1%, supporting long-term profitability.
- Monitored market trends and key indicators to adjust positions and optimise returns.
- Maintained discipline in following a structured trading plan, minimising emotional decision-making.

PROFESSIONAL CERTIFICATIONS

Pasaran Kewangan Malaysia Certificate (PKMC) – AICB / ACI-FMAM

Jul 2026

PROJECTS

Algorithmic Crypto Trading System — Mar 2025 – Dec 2025
Personal Project

- Developed a crypto trading bot using technical analysis indicators to automate trading strategies.
- Designed and implemented trading strategies and conducted real-market testing to optimise performance.
- Identified and implemented key features to improve the bot's user experience.
- Integrated the bot with a website and a Telegram bot for accessibility and real-time trade notifications.

Investment Portfolio Project – Investment and Portfolio Management — Mar 2024 – Jun 2024
Monash University Australia

- Constructed and managed a diversified portfolio of shares, fixed income and money market funds, aligning asset allocation with client objectives for medium- to long-term growth while managing risk.
- Selected securities using top-down and bottom-up approaches, combining fundamental analysis (P/E, P/B, Debt-to-Equity) with technical analysis.
- Adapted strategy by integrating market analysis and adjusting allocations based on performance and evolving economic conditions.
- Evaluated performance using correlation, variability, beta, Sharpe ratio and M-squared to assess risk-adjusted returns.

ACHIEVEMENTS & ACTIVITIES

Deloitte AdvantEDGE Case Study Competition — First Place — May 2025

- Won first place by presenting innovative business solutions to real-world industry challenges under tight deadlines.
- Led a team of 5 as Team Leader — coordinating strategy sessions, delegating tasks and delivering the final pitch to judges and mentors.
- Integrated real-time feedback from Deloitte mentors into strategic recommendations under pressure.

Captainball Club – Member — Jul 2023 – Aug 2024

- Competed in leagues and tournaments, contributing to multiple medal wins through teamwork, adaptability and consistent improvement.
